It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Caribbean Immigrants in the United States ...

European immigrants in the United States have largely dwindled in number since 1960, after historically making up the bulk of immigration to the country. Today, immigrants from Eastern Europe account for the largest share of European arrivals, and Europeans overall are much older and more educated than the total foreign- and native-born populations.
